no person shall without the prior approval in writing of the local authority in question, erect any building in respect of which plans and specifications are to be drawn and submitted in Terms of the National Building Regulations and Building Standards Act No. 103 of 1977 as amended.

2. PURPOSE OF THE PROJECT

To educate the community that, requirement to obtain approval before building is not just a local authority requirement. This is a requirement in terms of the National Building Regulations and Building Standards Act and applies throughout the country and

- Ensures a safe and healthy living environment for you and your family...
- Is a prerequisite to obtaining a bond...
- And is a legal requirement which means that building without approval may result in prosecution and financial hardship.

3. OBJECTIVES OF THIS PROJECT

3.1. Before submitting of building plans

Before your building plans can be considered you will first need to have them checked to make sure that what you plan to do meets the Town Planning requirements. This means that your plans will first need to be seen by the Town Planning Department (Land Use Management).

3.2. What do I need to submit building plans?

You will need a copy of your title deed as well as generally 4 copies of the plan on which the new work is to be clearly shown together with the application form which you can get from local authority.

3.3. What happens after submission?

Building plans will be circulated to a number of departments (eg: Health, water and sanitation, Town planning, Infrastructure and Fire...) after which a decision will be made to approve or refuse your application. If your plan is refused you will be told why in writing and given an opportunity to correct the plan so that it can be resubmitted. If the plans are corrected and resubmitted within one year from the date on which they were refused, there will be no additional submission costs.

3.4. How long it will take building plan process for my building plan application?

The local authority will endeavor to provide you with an answer within 30 days for buildings under 500 square meters and 60 days for buildings above 500 square meters of your application being submitted.

When your application is approved, you will be contacted to collect a copy of the plan, which will have on it an approval stamp, and a letter containing important information.

Once approval has been granted may you begin to build. Remember to call the Building Inspector when necessary in order for him/her to inspect progress. CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
