NAME OF THE PROJECT: BUSINESS MANAGEMENT CAPACITY BUILDING AND SUPPORT FOR WHOLESALERS AND RETAILERS

1. INTRODUCTION OF THE PROJECT

Wholesalers and retailers are an essential component of the South African rural economy as they provide vital goods, employment and an income to most rural dwellers. Despite this, the sustainability of wholesale and retailers particularly spaza shops has been problematic, with most closing down within the first few years of operation. This further increased by the influx of foreign operated spaza shops who are able to work together and buy in bulk. The needs analysis conducted by the municipality in the first quarter identifies existing gaps in the sector and recommends spaza shops form a structure where they can share ideas and lobby government for support. The structure would enable spaza shops to access funding from government schemes and private investors alike so that their operations are expanded. Spaza shops are classified as informal SMMEs, spaza shops make up a huge percentage of the proportion of our rural economy. Under the current challenging economic environment in South Africa, characterized by a rising cost of living and unemployment, spaza shops offer a viable alternative livelihood for many residents in our area.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
